SUMMARY:

Passionate UI Developer with over 4.4 years of experience crafting intuitive and responsive user interfaces. Skilled in HTML, CSS, SCSS, Bootstrap, Tailwind CSS, JavaScript, TypeScript, Git and React.js, I create visually engaging and dynamic front-end experiences for client-facing applications and landing pages. Adept at transforming designs from PSDs, XDs, and Figma into pixel-perfect, multi-device responsive layouts with thoughtful animations and effects. Proficient in building WordPress-based CMS sites, empowering clients to seamlessly manage their content. My collaborative approach and hands-on client interactions have led to successful project outcomes and enriched my technical and project management abilities. Driven by a commitment to excellence, I've contributed to numerous impactful web projects that showcase my dedication to enhancing user experience and continuous growth.

WORK EXPERIENCE:

Sr. UI Developer

Valoriz Digital Pvt Ltd, Technoprk Thiruvananthapuram, Kerala.

January 2024 - Present

Responsibility to develop the User interface of the websites using the provided PSDs/ Figma/ XD for every screen resolution (Mobiles and Desktop) with suitable animations and effects.
